FRIDAY, Feb. 28,-PM.

The break in Morris affected sympathetically the whole market and the Fancies fell off ; to 1 W cent. The sales were not very large, el cepting of Harlem, of which some 2,800 sharps were sold. The market after the Board impair, and at the Second Board there was quite a seas: tion and the quotations were all | to P cent. better again, leaving off nearly at the points of yesterday. Morris was the leading Stock and fluctuated from 18 to 174, closing at 174 bid. The decline has been caused by the granting of an injunction by the Chancellor of New-Jersey restrainthe Company from transferring Stock until the consolidation of the Stock, four shares for one, has taken place. The Company will immediately ap. ply for the dissolving of the injunction. Meantime the certificates will pass from hand to hand as usual. Erie fell off to 804, but recovered at the Second Board to 814. Farmers' closed at 67, a decline of ? W cent. Norwich went to 641, but was in demand at the Second Board at 65, Reading fell off to 60% at the First Board and went back to 61 at the Second, showing an improvement from yesterday of | # cent. For Indiana 5 F cents., preferred, 41 was bid, an advance of 1 For Illinois 70 was bid-71 asked .-Rochester and Syracuse sold at 112, a decline of 1 ♦ cent. Portsmouth recovered from 13 to 13 .--Long Island fell off to 231, but at the Second Board was in demand at 24. Stonington was one of the firmest Stocks and the shorts were bidding 434. New-Jersey Exploring and Mining Co. was another buoyant Stock and sold at 141, buyer 10, an improvement of | P cent. The bids at the close were:

In Exchange there is not much doing but the rates are steady. Sterling, 91 @10: Francs, 5 10. The supply of bills is moderate.

Ship-owners are very firm and the scarcity of vessels on the berth prevents large transactions. Cetton is 5-16c; Flour, 18d; Corn, 5d; Dead weight, 15s 20s. To London, Bacon, Cheese, &c. 30s.

There is considerable activity in the Money Market, but no difference in rates. The supply of capital is abundant and loans on call are freely made at 41 76 P cent. Short paper continues to sell at 51 27 P cent. The Banks are sending some coin South, but under the recent payment of two millions from the Sub-Treasury and the free disbursements from the Mint, this has

no effect on the Money market. Annexed is the statement of the business of the Sub-Treasury for February.

ILL'S ACADEMY AND ESSEX

SEMINARY is situated in Essex, on the beautiful
margin of the Connecticut, near the seahoard. For healthfulness of location and completeness of arrangements, this
Institution is unrivalled. It combines the advantages of
both maie and female Seminary taught by a loter faculty,
while, at the same time, by a peculiar adaptation of the
buildings of the Institute, the usual objections to similar institutions are obviated. By this arrangement, parenta can
here favor their sons and daughters at the same school, with
every facility for obtaining a thorough and accomplished
education Terms \$250. Fare, usually, by Hartford and
New York steamboots, 50 cents. For circulars, please apply to the Principal or WM. H. LYON & CO. el Cedar-at.

TWO HUNDRED THOUSAND

BONDS. CENTRAL OHIO RAILROAD Mesers HAGGERTY, DRAPER & JONES will offer to sale at the Merchants' Exchange, on WEDNESDAY, sea inst., at 12 e'clock, Two Hundred Thousand Dollars of the

Bonds of the Ohlo Central Railroad Company, bearing in-terest at the rate of Seven per cent, pay sola semi-annually, at the office of the Ohio Life and Trust Co., in the City of New-Y rk, and the principal reindeursable in ten years.

These Bonds are a portion of an issue of Four Hundred and Fifty Thousand Dellars proposed to be made, to se-

cure which a first and only mortgage has been made to Mr. George S. Coe, Cashier of the Ohio Life and Trust Co. in Trust. The Mortgage covers the entire line of the Road between Columbus and Zanesville-Set miles with all its properties and appurtenances, equipage, depots, depot lots, &c. &c., and are convertible into the slock of the Com-pany at par at any time before their maturity.

The undersigned are confident that these Roads ofer as safe and profitable an opportunity for investment as any which have been in the market, and that they present some peculiar claims upon the attention of capitalists.

ville, 584 miles, upon which the mortgage is a lients all under contract, the grading and masonry of some sections being already complete and the rest rapidly progressing.

The Chief Engineer expects to have the 25 miles between
Zanesville and Newark ready for the rail by May next, and the balance of the line by August or September next.

The line between Zanesville and Wheeling, where the

road will form a connection with the Baltimore and Ohio Road, is under survey. To build this Eastern extension Road, is under survey.

There have already been subscriptions made by Wheeling and the adjoining counties to the amount of \$500,000. The Directors believe that the full amount will be made up by individual and other county subscriptions as soon as they

are ready to put the Road under contract.

The estimated cost of the division between Zanesville and Columbus, fully equipped, is \$837,000. The subscriptions, quaranteed by the Directors, amount to \$517,000, leaving \$570,000 which it is proposed to raise by these Bonis. Thus, when completed, the entire Road, Depôts, Equipage, &c., costing more than twice the amount of the Bonds, will be held as security for their faithful reimbursement.

In regard to the location of the Road it is believed that none more favorable exists in the West.

At Columbus, the Central Road connects, at the same

depot, with the Columbus and Xenta, and the Cleveland, Columbus and Cincianati Roads. The Columbus and Xenia with the little Miami Road, over a distance of 119 miles, makes railway connection with Cincianati. By the Little Miami Road to Springfield, a connection is had with the Mad River and Lake Eric Road, also in successful operation. It is also contemplated to extend the Columbus and Xenia Road from Xenia to Dayton, where a second connection will be had with Cincinnati, by the Cincinnati Hamilton and Dayton Road—which is rapidly progress Hamilton and Dayton Rosa—which is rapinly progressing. At Dayton, also, a connection will be made with the Dayton and Greenville, and the "Wostern" Rosals. Following the latter to the state line a connection will be had with the Terre Haute and Richmond Rosal, (extended;) which, passing through Indianapolis, traverses the whole width of the State of Indiana, and at Terre Haute, connects with the "Atlantic and Mississippi" Road, stretch-

ing to St. Louis.

At Columbus, also, the Central Road will connect w

the Columbus, Piqua and Indiana Road.

At Newark, the Central Road connects with the Columbus and Lake Erie Road, which furnishes a railway com-

munication with Sandusky and Cleveland.

At the Eastern end the connection at Wheeling with the Baltimore and Ohio Road will secure to the Ohio Central Road a large traffic in the cattle, horses, hoge, grain, flour and other products seeking an outlet to the Atlantic. By this line the route to the seaboard is some forty miles neare-than by any other line, and this difference will command the traffic of a large area of the richest portions of Ohio.

The convertible feature of these Bonds is a very valuable one, as the stock of the Road must ultimately become one of the best in the country.

An exhibit and a Map, showing the location of the Road,

and giving full particulars of the condition of its affairs and its prospective traffic may be obtained of the undersigned. The terms of the sale are ten per cent, at the time of purchase, and the balance in equal payments at one, two, three and four months, with the option of making the whole pay-ment at one time, with interest, from the time of sale. GILBERT & JOHNSON,

P. S.—The undersigned, having received full and satisfactory security for so doing, are prepared to guaranty the payment of the Interest on the above Bonds, until the completion of the work embraced in the Mortgage.

GILBERT & JOHNSON.
